<https://github.com/bevacqua/css>

The screenshot shows the GitHub repository page for `bevacqua/css`. The repository is public and has 30 watchers and 133 forks. The main navigation bar includes links for Code, Issues (1), Pull requests (7), Actions, Projects, Wiki, Security, and Insights. The repository is currently on the `master` branch, which has 1 branch and 0 tags. The commit history shows three commits: `.editorconfig` (initial commit, 8 years ago), `LICENSE` (initial commit, 8 years ago), and `README.md` (Fix #9: gave .btn-red class more semantic meaning, 7 years ago). The `README.md` file is selected, showing the title `.bc-style-guide {` and the content: "The so-called 'nico-style' brought to markdown. Because Style Guide. This style guide is a jab at solving collisions between CSS class names, and issues that ultimately lead to confusion, having to use `!important` rules, copying and pasting style declarations, and similarly awful aspects of CSS development." The right sidebar contains the "About" section with the repository description "CSS: The Good Parts", the website `ponyfoo.com`, and tags `css` and `style-guide`. It also lists the MIT license, 948 stars, 30 watchers, and 133 forks. The "Releases" and "Packages" sections both show "No releases published" and "No packages published" respectively.

## .bc-style-guide {

The so-called "nico-style" brought to markdown. Because Style Guide.

This style guide is a jab at solving collisions between CSS class names, and issues that ultimately lead to confusion, having to use `!important` rules, copying and pasting style declarations, and similarly awful aspects of CSS development.
