Our Placements

Nikesh Bisen

PLACED AT

Microsoft

I got rejected in the Amazon interview, After that, I joined Tutort Academy for DSA concepts as a working professional. They fulfilled my all requirements and that

Shaloni Gangrade

PLACED AT

TARGET

Joining Tutort Academy was a turning moment in my life. All of the faculty are excellent and have extensive experience in their fields. Their modules and learning methodology are job-oriented and in real-time

Akansha Likhdhari

PLACED AT

Walmart

Tutort Academy helped me on the journey and did exactly what I was looking for. I also got referrals from companies like Walmart, Google & Microsoft.

Subhadip

PLACED AT

amazon

When I started looking for a software development program, I found Tutort Academy which perfectly matched my needs. Their live classes and 1:1 mentorship program helped me a lot to prepare for interviews.

Our Placements

Gunjan
PLACED AT
Google

If you have the courage to take your career in an analytical direction, Tutort Academy has the expertise, method, and support to help you. Extremely knowledgeable faculty with a thorough understanding of the industry.

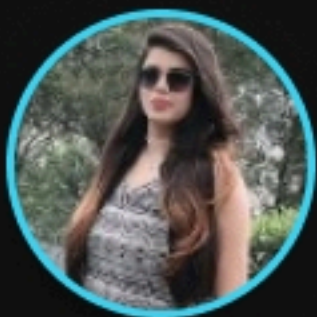

Mohit Aggarwal
PLACED AT
EY Building a better working world

Best part about this academy is that before joining the program you can talk with the Data Scientist. They have projects from companies so you will work on Real-Time Projects and also got many job referrals from Tutort Academy.

Abhishek
PLACED AT
pwc

You will be exposed to real-time business problems at Tutort Academy. The trainers are extremely knowledgeable and have a wealth of practical experience.

Priya
PLACED AT
Morgan Stanley

Overall, the experience was fantastic. The teaching style was also excellent. The assignments and case studies were real-time and proved to be very effective. Doubt classes really help me to clear my doubts.
