TEXT GRADIENT

Gradients are one of the latest crazes in website design !!

Text gradient are mostly used by developers to enhance their web design.

You can play around and make most out of it by using different gradient properties and colors.

Let me show you something I have created.

Text Gradient

HTML

```
<!-- CSS -->

.text-background {
background: #001524;
font-family: Arial, Helvetica, sans-serif; }

h1 {
background: linear-gradient(150deg, #b37448 14%,
#ffffff 27%,#fa700e 31%, #ffffff 33%, #7c4116 55%);
-webkit-background-clip: text;
-webkit-text-fill-color: transparent; }

<!-- HTML -->

<div class="text-background">
  <h1>I love to code with coffee</h1>
</div>
```

HTML OUTPUT

I love to code with coffee
